Annual National Conference

INDIAN ACADEMY OF CYTOLOGISTS - SOP

Title : Annual National Conference			
Review No 4	Bye laws Ref no. 11	Page 1 of 10	Date of issue 08.11.19

1.0 INTRODUCTION:

- 1.1** The first national conference was held in the year 1971 and was hosted by ICMR, New Delhi.

2.0 AIM :

- 2.1** To propagate and promote the knowledge of cytology.
- 2.2** To encourage research in both fundamental and clinical cytology.
- 2.3** To consolidate cytology as a discipline in our country.
- 2.4** To interact with fellow cytopathologists.
- 2.5** To generate fellowship amongst the members of IAC.

3.0 SELECTION OF CONFERENCE VENUE :

- 3.1** The process of organising the annual national conference starts with bidding for the same.
- 3.2** Announcement for bidding for the conference shall be made in the August issue of the IAC newsletter and shall also be displayed on the IAC website by end of August.
- 3.3** The interested institution/chapter is to submit a formal proposal for hosting the annual national conference for a specific year in a written communication to the Secretary IAC, which shall be in hard copy on the official letter head of the Institute/Chapter. There is no fixed format for doing the same.
- 3.4** The bid should reach the IAC Secretary at least two months before the date fixed for GBM for that year.
- 3.5** On receipt of the proposal(s), the Secretary IAC shall circulate the same to the members of Executive Committee.
- 3.6** The matter shall be discussed in the Executive Committee meeting before it is presented to the General Body.
- 3.7** The venue for the next annual national conference shall be finally selected only after approval by the General Body. Only one venue is selected for the annual national conference for a specific year.
- 3.8** The Secretary IAC shall accordingly inform the bidder of the selected venue.
- 3.9** If there is more than one proposal for hosting the annual national conference, then all the bidders shall be asked to make a presentation for their bid to the Executive Committee during its meeting. The Executive Committee shall then recommend a suitable venue to the General Body whose decision shall be final. The left out bidder(s) shall be given the option of hosting the conference in the succeeding year.
- 3.10** A list of the selected venues for the annual national conference may be drawn up for the next five consecutive years. This list shall be maintained by the Secretary IAC and shall also be displayed on the official website of IAC by the Webmaster who shall also update the details every year.
- 3.11** In case there are more applicants than that can be provided in the list, then these candidates shall be informed by the Secretary IAC that they should apply again in the next year for consideration.
- 3.12** Once selected it is binding on the organisers to conduct the annual national conference in the relevant year. If for any unavoidable reason the organisers are unable to do the same, then prior intimation is to be sent to Secretary IAC. In such an event, an already

INDIAN ACADEMY OF CYTOLOGISTS - SOP

approved venue for any of the succeeding years may be requested to take their place on a mutual exchange basis but only after approval by the General Body.

- 3.13** In the event that no bid is received for a given year, the Executive Committee shall request a prospective host, preferably from one of the bigger institutes with adequate infrastructure, to take the responsibility of conducting the annual conference for that year. On acceptance by the prospective host, the Executive Committee shall recommend the same to the General Body. The venue shall be finalized only after approval by the General Body. In case the Executive Committee is unable to recommend a prospective host, then the General Body shall be asked to request a prospective host for hosting the annual national conference for that year.

4.0 STRUCTURE OF CONFERENCE :

- 4.1** The conference shall be of two days, preferably ending on a Saturday.
- 4.2** There shall be a pre conference CME on the day preceding the first day of the conference.
- 4.3** There shall be a post conference workshop on the day succeeding the second day of the conference.
- 4.4** Scientific programme on each day shall be divided into a morning session and a post lunch session, separated by a lunch session of one hour duration.
- 4.5** Scientific programmes in each of the morning and post lunch sessions shall have a thirty minutes tea and/or coffee break approximately mid way in the programme.
- 4.6** The inauguration of the conference shall be done on the day preceding the first day of the conference in the evening after the scientific sessions of the CME are over.
- 4.7** The valedictory function shall be held on the second day of the conference after the scientific sessions are over.
- 4.8** The Executive Committee meeting/Editorial Board meeting shall be held on the day preceding the first day of the conference in the evening after the scientific sessions are over and before the inaugural function is held.
- 4.9** The General Body meeting shall be held on the first day of the conference in the evening after the scientific sessions are over.

5.0 CONFERENCE BROCHURE :

- 5.1** A conference brochure shall be prepared and e-mailed to every IAC member at least five months before the conference by Organising Secretary of the conference. For those members who do not have an e-mail id or who have not communicated their e-mail id to the IAC Secretary, the conference brochure shall be sent by post by the Organising Secretary of the Conference. A first information flier may also be brought out and distributed to the delegates in the previous conference so as to intimate them and create awareness amongst them of the conference to be organised in the following year.
- 5.2** The details of the conference brochure shall also be sent to the Webmaster for uploading to the IAC website at least five months before the conference.

Title : Examination for Cytotechnician			
Review No 1	Bye laws Ref no.	Page 1 of 4	Date of issue 11.11.17

1.0 INTRODUCTION :

- 1.1** To develop a pool of trained cytotechnicians in our country who shall be at par with the best in their field nationally and internationally.

2.0 ELIGIBILITY :

- 2.1** The following shall be eligible to appear for the examination for cytotechnician :-
- (a) Higher secondary in biological sciences with diploma in medical lab technology/certificate course and one year experience in cytology.
 - (b) Higher secondary in biological sciences with five years experience in cytology.
 - (c) B.Sc. medical with six months experience in cytology.
- 2.2** The eligibility criteria for the examination, as detailed above, shall be reviewed by the Accreditation & Examination committee every five years and, if necessary, revision shall be made keeping in view the recent developments and requirements of cytopathology.

3.0 COURSE :

- 3.1** Staining of cytopathology specimen –
- (a) Principles of fixation and various fixatives used
 - (b) Papanicolaou stain – principles, techniques, advantages
- 3.2** Centrifugation techniques –
- (a) Centrifugation - principle and applications
 - (b) Cytocentrifuge - principle and applications
 - (c) Membrane filters - principle and applications
- 3.3** Cytochemistry –
- (a) Routine cytochemistry staining procedures like MGG, alcian blue, mucicarmine, PAS, fat stain etc.
 - (b) Basic principles of immunochemistry
 - (c) Cell block preparation
- 3.4** Female genital tract –
- (a) Anatomy and physiology
 - (b) Various techniques of collecting material from female genital tract
 - (c) Hormonal cytology and staining
 - (d) Various types of cells from female genital tract
 - (e) Cytology of uterine cervix
- 3.5** Respiratory tract –
- (a) Anatomy and physiology
 - (b) Collection and preparation of sputum, TBNA, BAL fluids – including LBC and cell block preparation
- 3.6** Urinary tract –
- (a) Anatomy and physiology
 - (b) Collection and preparation of samples from urinary tract – Millipore filter technique, cytospin, LBC
- 3.7** Gastrointestinal tract –
- (a) Anatomy and physiology
 - (b) Collection, preparation and processing of samples from gastrointestinal tract

3.8 Effusion –

- (a) Anatomy of serous cavities
- (b) Collection and preparation of fluid for cytological examination

3.9 Introduction to cytogenetics (Molecular biology)–

- (a) Collection of material and staining for sex chromatin
- (b) Culture of lymphocytes and making smears and staining
- (c) Preparation and processing knowledge of PCR/RT PCR/Microarray/gene sequencing

3.10 FNAC - preliminary knowledge on fine needle aspiration cytology –

- (a) Preparation of smears and staining

The course for the examination, as detailed above, shall be reviewed by the Accreditation & Examination committee every five years and, if necessary, revision shall be made keeping in view the recent developments and requirements of cytopathology.

4.0 SCHEDULE OF EXAMINATION :

4.1 The examination shall be conducted over two days and shall consist of theory, practical and viva voce.

4.2 (A) Theory paper shall be for 100 marks as per the break up detailed below :-

- (a) 40 MCQs - 40 marks
- (b) 5 matching type questions - 20 marks
- (c) 8 short answer questions - 40 marks

(B) The duration of theory paper shall be three hours.

(C) Distribution of theory questions shall be as follows :-

- (a) Basic cytology - - - 20%
- (b) Gynaecological cytology - - - 20%
- (c) Non gynaecological cytology including FNAC - 20 %
- (d) Techniques - - - 40 %

(D) The practical examination shall be for 100 marks as per the break up detailed below :-

- (a) Papanicolaou stain - - - 10 marks
- (b) Preparatory techniques/cytospin/Millipore filter preparation etc - 14 marks
- (c) Special stain/MGG etc./basic principles of LBC - 10 marks
- (d) Spots – seven stations on instruments - - 7x2 - 14 marks
- (e) Spots – eight stations on identification of cells etc – 8x4 - 32 marks
- (f) Viva voce - - - 20 marks

The schedule for the examination, as detailed above, shall be reviewed by the Accreditation & Examination committee every five years and, if necessary, revision shall be made keeping in view the recent developments and requirements of cytopathology.

5.0 TIME OF EXAMINATION :

5.1 The examination shall be conducted around September/October every year.

10.0 PROCEDURE FOR APPLYING :-

- 10.1** Desirous candidates shall download the application form from the IAC website <https://cytoindia.wordpress.com>.
- 10.2** The candidate shall send the duly filled application form along with the prescribed examination fee by post to the Chairperson Accreditation & Examination Committee at the address detailed on the IAC website so as to reach on or before first August of that year.
- 10.3** On receipt of the application, Chairperson Accreditation & Examination Committee shall scrutinize the application.
- 10.4** The examination fee, received with all valid applications, shall be forwarded to the IAC Treasurer who shall deposit the same in the IAC bank account.
- 10.5** The Chairperson Accreditation & Examination Committee shall then intimate the name and address of the valid applicants to the person in charge of the venue that shall be conducting the examination that year.
- 10.6** The person in charge of the examination venue shall then send, by registered post with acknowledgement card, the roll number along with admit card to the selected candidates at least fifteen days before the date of examination.
- 10.7** All incomplete and invalid applications shall be returned, along with the remitted examination fee, by post to the applicant at the contact address mentioned in their application.
- 10.8** The selected candidates shall report for the examination at the designated time and place.
- 10.9** A certificate shall be issued by the Chairperson Accreditation and Examination Committee to all successful candidates.
- 10.10** The candidate scoring the highest marks in the examination shall be the recipient of Dr. Bhaskar Reddy prize for that year, 70% being the minimum marks required for consideration for this award.

11.0 CRITERIA FOR REJECTION OF APPLICATION

- 11.1** Incomplete application – without photographs, without self addressed envelope, without requisite fee etc.
- 11.2** Applications received electronically.
- 11.3** Candidates who have already passed the examination shall not be permitted to appear again in the same examination. Even if it is detected at a later stage that the candidate is appearing for a second time, his/her candidature shall be cancelled for the said examination (GBM 2017).

 - (b) Preparation techniques in cytology, including centrifuge, cytospin, LBC, Millipore etc.
 - (c) Principles of LBC
 - (d) Flow cytometry
 - (e) FISH
 - (f) The normal cell structure and function
 - (g) Normal histology and cytology of epithelial and connective tissues
- 3.2** Female genital tract –
- (a) Techniques of collection of various specimens -
 - (b) Hormonal cytology
 - (1) Anatomy and physiology of female genital tract
 - (2) Correlation of structures of female genital tract and ovarian hormones
 - (3) Various cytological indices
 - (4) Cytology from birth to menarche
 - (5) Cytology of menstrual cycle – ovulatory and anovulatory
 - (6) Cytology of normal and abnormal pregnancy
 - (7) Cytology of menopause
 - (c) Cervical malignancy
 - (d) Classification of cervical smear and characteristics of normal, inflammatory, dysplasia (mild, moderate and severe), carcinoma-in-situ and squamous cell carcinoma.
 - (e) Bethesda classification
 - (f) Cytology of endocervical adenocarcinoma
 - (g) Characteristics of radiation induced changes in cells
 - (h) Endometrial cytology – normal, hyperplasia and adenocarcinoma
 - (i) Miscellaneous – ovarian carcinoma etc.
 - (j) Knowledge of cervical cancer screening programme

Title : Accreditation Programme			
Review No 0	Bye laws Ref no.	Page 1 of 6	Date of issue 14.11.14

1.0 INTRODUCTION :

1.1 This programme was started in the year 1975.

2.0 AIM :

2.1 To confer third party recognition for maintaining the desired level of proficiency in the designated field of cytology.

6.0 TYPES OF ACCREDITATION PROGRAMME:

6.1 There are two types of accreditation programme :-

- (a) Accreditation for diagnostic services only
- (b) Accreditation for examination and training –
 - (1) Comprehensive cytology lab/centre – for gynaec and non gynaec cytology
 - (2) Gynaec cytology lab/centre – for gynaec cytology only
 - (3) Non gynaec cytology lab/centre – for non gynaec cytology only

6.2 All laboratories/centres applying for accreditation for examination and training should already have been accredited by IAC for diagnostic services.

6.3 Accreditation for diagnostic services does not automatically entitle the concerned lab/institute to qualify for accreditation for examination and training.

7.0 ELIGIBILITY :

7.1 The following categories of cytology laboratory may apply for accreditation for diagnostic services only :-

- (a) Independent Institute/centre/department involved in training, research and diagnostic service aspects of cytology
- (b) Either a division/part of Department of Pathology/Department of Obstetrics and Gynaecology
- (c) Laboratory attached to Department of Obstetrics and Gynaecology
- (d) Family planning clinics doing only gynaecologic cytology
- (e) Private laboratory specialized in this field

7.2 The following categories of cytology laboratory may apply for accreditation for examination and training :-

- (f) Independent Institute/centre/department involved in training, research and diagnostic service aspects of cytology
- (g) Cytology laboratory should either be a division or part of Department of Pathology.

8.0 STAFF :-

8.1 The following requirement shall be fulfilled by the applicant lab –

- (a) At least two cytopathologists or pathologists with experience in cytology.
- (b) Adequate infrastructural laboratory staff –
 - (1) for diagnostic services only - one receptionist for receipt of specimen and at least one data entry operator for typing reports
 - (2) for examination and training purpose, in addition to those detailed for diagnostic services four technicians are also required.

INDIAN ACADEMY OF CYTOLOGISTS - SOP

Title : Accreditation Programme			
Review No 0	Bye laws Ref no.	Page 2 of 6	Date of issue 14.11.14

9.0 WORKLOAD :-

- 9.1 For accreditation for diagnostic services only – a minimum of 5,000 cases per year should be examined.
- 9.2 For accreditation for examination and training – a minimum of 10,000 cases per year should be examined. Out of this at least 3,000 cases should be of aspiration cytology with adequate cytologic, histologic and microbiologic correlation and patient follow up.

10.0 CYTOLOGY REPORTS :

- 10.1 In every report the laboratory shall document the adequacy or inadequacy pertaining to:
 - (a) Specimen preparation
 - (b) Specimen fixation
 - (c) Clinical information
- 10.2 In every report the following information shall be provided by the laboratory:
 - (a) Age of patient
 - (b) Past menstrual history
 - (c) Pregnancy status
 - (d) History of previous therapy, if any – either endocrine, surgical or radiation
 - (e) Anatomic site of specimen

11.0 RESCREENING :

- 11.1 The rescreening shall be done by a cytopathologist or a pathologist trained in cytopathology.
- 11.2 The following protocol shall be followed for rescreening of samples and verification of diagnosis :-
 - (a) At least 10% of randomly selected samples from the female reproductive tract which have been interpreted as benign by resident doctor or cytotechnologist or cytotechnician or cytoscreener.
 - (b) At least 15% of randomly selected samples from non gynaec sites which have been interpreted as negative by resident doctor or cytotechnologist.
 - (c) All suspicious and positive smears from female reproductive tract.
 - (d) All suspicious and positive smears from non gynaec samples in asymptomatic cases.
 - (e) All cytologic preparations from anatomic site other than the female genital tract shall be reported by the cytopathologist/pathologist

12.0 CASE FOLLOW UP :

- 12.1 An earnest effort shall be made by the laboratories to maintain adequate follow up data of all suspicious and positive cases.

13.0 SLIDE STORAGE :

- 13.1 All laboratories shall maintain all cytology slides for a period of at least five years from the date of examination.

INDIAN ACADEMY OF CYTOLOGISTS - SOP

Title : Accreditation Programme			
Review No 0	Bye laws Ref no.	Page 3 of 6	Date of issue 14.11.14

14.0 STAFF TRAINING/EDUCATION :

- 14.1 The laboratory shall provide regular scheduled educational sessions, both in theory and practical, to the staff members.
- 14.2 For diagnostic services accreditation, a minimum of one hour every week and for examination and training purpose three hours every week shall be devoted for the above training, which period shall be over and above the formal curriculum laid down by the institution.

15.0 PARTICIPATION IN IAC EQA PROGRAMME :

- 15.1 It is mandatory for all accredited laboratories to participate in the IAC external quality Assurance (EQA) programme every year.
- 15.2 Progress reports filed every year shall detail their participation in this programme along with score obtained in the same.
- 15.3 One of the criteria for renewal of lab accreditation shall be regular participation and satisfactory performance in the IAC EQA programme. Failure to do so shall lead to derecognition of the lab.

16.0 LIBRARY FACILITY :

- 16.1 This facility is mandatory only for those applying for accreditation for examination and training. It is not mandatory for those applying for diagnostic services only.
- 16.2 Internet access in the library is a must for online study of journals and books.
- 16.3 A departmental library shall be maintained by the applicant lab.
- 16.4 Central library information shall be provided to staff members by giving a list of recommended books, periodicals and journals in cytology, pathology and related disciplines.

17.0 TENURE OF ACCREDITATION :

- 19.1 The application form for lab accreditation shall be available on the IAC website <https://cytoindia.wordpress.com> and can be downloaded from there.
- 19.2 The following details shall be furnished by the applicant lab in the application form :-
- (a) Name of the laboratory
 - (b) Name of Officer-in-charge of the laboratory along with designation, qualification, postal and e-mail address, contact landline and mobile phone numbers.
 - (c) Status of cytology laboratory – whether independent/division or part of Pathology Department/any other type which would need to be specified.
 - (d) Nature of work – routine/research/training
 - (e) Workload – to provide the average number of cases examined over the last three years :-
 - (1) For comprehensive category – numbers to be indicated for FNAC, gynaec cytology and non gynaec exfoliative cytology separately.
 - (2) For gynaec only – number of gynaec cases
 - (3) For non gynaec only – number of FNAC and non gynaec exfoliative cytology cases separately.
 - (f) Staff details to be provided for both full time and part time staff – details shall include that on cytopathologist/pathologist with training in cytology, cytotechnologist, cytotechnician, lab assistant, lab attendant and any other.
 - (g) Adequacy criteria – whether being observed and detailed in the report
 - (h) Whether rescreening of specimen and diagnostic verification is being done
 - (i) Whether follow up of cases is being maintained
 - (j) Whether slides are being stored for the desired period
 - (k) Academic activity details – This is mandatory only for labs applying for accreditation for examination and training. However, it is optional for labs applying only for diagnostic services.
 - (1) Number of CME/workshop/seminar in cytology arranged by the lab in last three years
 - (2) Number of CME/workshop/seminar in cytology attended by lab staff in last three years
 - (3) Number of CME/workshop/seminar in last three years where lab staff participated as faculty
 - (4) Number of papers presented by lab staff in annual national conference of Indian Academy of Cytologists or any other national or international meet during the last three years.
 - (5) Number of papers published by lab staff in Journal of Cytology or any other indexed national or international journal during the last three years
 - (6) Details of Cytology journals regularly subscribed by the lab
 - (7) Details of Cytology books available in the lab
 - (8) Number of cytopathologists and/or cytotechnicians trained in the lab in last three years.

20.0PROCEDURE FOR ACCREDITATION :

- 20.1 Desirous lab shall download the application form from the IAC website <https://cytoindia.wordpress.com>.
- 20.2 The application form duly filled shall be sent in duplicate by post to the Chairperson Accreditation and Examination Committee at the address detailed on the IAC website along with prescribed fee, as detailed on the IAC website.
- 20.3 On receipt of the application form, the Chairperson Accreditation and Examination Committee shall scrutinize the details to assess if they fulfill the criteria laid down for the type of accreditation applied for by the lab.
- 20.4 Incomplete forms and those not fulfilling the prescribed criteria shall be rejected and the same shall be returned to the applicant lab by post at the address detailed in their application form.
- 20.5 For applicants submitting complete forms and fulfilling the prescribed criteria a date for inspecting their cytology lab shall be fixed by the Chairperson Accreditation and Examination Committee within the next calendar year.
- 20.6 The Chairperson Accreditation and Examination Committee shall then select a senior Cytopathologist preferably from the same city/town or nearby city/town, with his/her consent, to inspect the said laboratory for the purpose of accreditation. Laboratory inspection is an honorary job and no emolument shall be given for the same by the IAC. All lab inspection for A&E, henceforth, shall be carried out using the virtual video conferencing platform. A minimum of three committee members shall attend such future inspections. (GBM 2021)
- 20.7 On receiving the inspection report recommending accreditation of the lab, the Chairperson Accreditation and Examination Committee shall communicate the same to the Officer-in-charge of the applicant lab and also send a certificate indicating the period and the designated field for which the lab has been granted accreditation.
- 20.8 If the inspection report does not recommend accreditation of the lab, the Chairperson Accreditation and Examination Committee shall communicate the same to the Officer-in-charge of the applicant lab by e-mail and detail the observed deficiencies. In such an event, the applicant lab may apply again fresh along with prescribed fee after correcting the observed deficiencies.
- 20.9 Accreditation of cytology laboratory for examination purpose should also be on the basis of visitation/inspection as is being done in the case of accreditation of cytology laboratories for diagnostic service.
- 20.10 The possibility of recognizing a group of 2-3 centres for imparting group educational activity for training and examination may be identified in various regions which could together impart comprehensive training in the given region.

21.0 PROGRESS/PERFORMANCE REPORT :

- 21.1 Once accredited, the lab has to submit progress report every year, in the prescribed format, to the Chairperson Accreditation and Examination committee in the month of September. It should include the number of cases screened in each category, origin of smears, corroborating follow up data and discrepancies, if any, between clinical data, cytologic findings and tissue sections. In case an annual report is not possible, a progress

report would be required for reassessment by IAC at the end of three year period.
Detailed account regarding the organization and conduct of examination for cytotechnicians and cytotechnologists should also be included.

- 21.2 The progress report form shall be available on the IAC website <https://cytoindia.wordpress.com> and can be downloaded from there.
- 21.3 The following information shall be furnished by accredited lab in their progress report :
- (a) Name of laboratory
 - (b) Name of Officer-in-charge of the laboratory along with designation, qualification, postal and e-mail address, contact landline and mobile phone numbers.
 - (c) Staff details to be provided for both full time and part time staff – details shall include that on cytopathologist/pathologist with training in cytology, cytotechnologist, cytotechnician, lab assistant, lab attendant and any other.
 - (d) Period for which the accreditation certificate is valid.
 - (e) Period for which the progress report relates to
 - (f) Whether previous progress report(s) was satisfactory/unsatisfactory
 - (g) Whether any major deviation from initial visitation or revisitation.
 - (h) Case details –
 - (1) Number of cases screened in each category
 - (2) Origin of smears
 - (3) Follow up data
 - (4) Discrepancies, if any, between clinical, histologic and cytologic findings
 - (i) Whether regularly participating in the IAC EQA programme and to indicate the score obtained therein.
 - (j) Details of teaching and training programme – to be detailed only by those labs accredited for examination and training purpose
 - (k) Number of cytotechnicians and /or cytotechnologists successfully passing the national examination conducted by IAC

22.0 RENEWAL OF ACCREDITATION :

- 22.1 At the end of three years the accredited laboratory shall express their desire for renewal of the accreditation in a written communication to the Chairperson Accreditation and Examination Committee.
- 22.2 Each accredited laboratory shall be assessed by the Chairperson Accreditation and Examination committee whether the granted accreditation should be renewed for a further period of three years, based only on the annual progress report submitted by them every year during the past three years or a revisitation is required for the same.
- 22.3 In case a revisitation is required for accreditation of the lab, then a revisitation fee shall have to be paid for the same.
- 22.4 Labs found to be functioning as per the guidelines shall be granted renewal of accreditation and shall be issued a fresh certificate stating the period and the designated field of cytology for which their lab has been granted accreditation.

1.0 INTRODUCTION :

1.1 This programme was started in the year 2000.

2.0 AIM :

- 2.1 To help maintain and monitor quality of reporting on cytopathology specimen in the best interest of patient care and management.
- 2.2 To encourage participating laboratories to improve and excel in their reporting on cytology samples.

3.0 REGISTRATION/RENEWAL FORM :

- 3.1 The registration/renewal form for EQA programme shall be available on the IAC website <https://cytoindia.wordpress.com>.
- 3.2 The following details shall be furnished by the applicant in the registration/renewal form :-
 - (a) Name in full (of laboratory head)
 - (b) Designation
 - (c) Academic qualification
 - (d) Postal address for correspondence
 - (e) Contact mobile number
 - (f) e-mail id for correspondence
 - (g) Name of laboratory
 - (h) Year of establishment
 - (i) Number of technical staff employed
 - (j) Number of cytotechnologists/cytotechnicians employed
 - (k) Annual cytopathology workload
 - (i) FNAC
 - (ii) Cervical cytology (pap smears)
 - (iii) Non gynaecologic exfoliative cytology
 - (l) Whether lab accredited by IAC, NABL or any other agency

4.0 REGISTRATION/RENEWAL FEE

- 4.1 The registration/renewal fee shall be fixed by the General Body in consultation with the Chairperson EQA Committee.
- 4.2 It shall be reviewed every five years and, if necessary, enhanced keeping in view the inflation trend.
- 4.3 The registration/renewal fee shall be non refundable.
- 4.4 As on date the fee structure is as follows
 - (a) Initial registration fee : Rs. 5,000.00
 - (b) Subsequent annual renewal fee : Rs. 2,000.00 (GBM 2016)
- 4.5 Payment of fee can be made either through demand draft or CBS cheque or online payment as per details mentioned in the IAC website (GBM 2017).

5.0 PROCEDURE :

- 5.1 Institutional or individual laboratories, either government or private, either IAC accredited or accredited by any other agency such as NABL, offering cytology

services may register for the IAC EQA programme.

- 5.2** For IAC accredited laboratories it is mandatory to participate in the IAC EQA programme every year. They shall register for the same and pay the annual subscription fee as detailed above. Failure to do so may lead to their derecognition.
- 5.3** The registration form may be downloaded from IAC website <https://cytoindia.wordpress.com>.
- 5.4** Registration form, duly completed along with the registration fee, is to be mailed to the Chairperson EQA programme at the address detailed on the aforementioned website.
- 5.12** Enrolment of new laboratories is done every year only during the period 15 January to 28 February. Midcycle registration is not permitted.
- 5.13** Laboratories already participating in the EQA programme should communicate their intent of continuing in this programme also during the period 15 January to 28 February every year along with the prescribed annual renewal fee as detailed on the IAC website.
- 5.14** New laboratories shall be given a registration number of EQA programme within thirty working days from receipt of their application along with the prescribed fee. Laboratories already participating in the programme shall continue to maintain the registration number that was designated to them at the time of their initial registration.
- 5.15** Laboratories not intending to continue with the EQA programme should communicate the same to the EQA Chairperson also during the period 15 January to 28 February in the relevant year.
- 5.16** Every year the registered laboratories shall be couriered one box containing fifteen slides, beginning from the month of March. The participating laboratories should send the box, containing the same slides, along with their result to the EQA Chairperson within seven working days of receipt of the same.
- 5.17** Each box shall contain slides of gynaec and non gynaec exfoliative cytology and FNAC. However, the number of slides per cycle may be increased or number of cycles per year may be increased or other relevant samples may be added in future keeping in view the development taking place in cytology.
- 5.18** The participating laboratories may submit their result either online or in hard copy. Only one response per slide per case from a laboratory shall be evaluated.
- 5.19** Results for the relevant year received by 15th October or fifteen days before the annual national conference, whichever is earlier, only shall be subjected to statistical analysis which shall be presented to the Executive Committee and the General Body during their respective meetings in the annual national conference.
- 5.20** Participating laboratories shall receive the EQA response evaluation and a certificate of participation from the EQA Chairperson at the end of the relevant year.

6.0 EVALUATION OF RESULT :

- 6.1** Results received from the participating laboratories are put into any one of the following categories :-
- Same as consensus
 - Major deviation
 - Minor deviation
 - Deviation in typing of malignancy

INDIAN ACADEMY OF CYTOLOGISTS - SOP

Title : External Quality Assurance (EQA) Programme			
Review No 2	Bye laws Ref no.	Page 3 of 3	Date of issue 11.11.17

(e) Not evaluable

6.2 Major deviation is considered whenever the diagnosis offered results in an unacceptable patient management. These include the following scenarios :-

- (a) A benign lesion is diagnosed as malignant
- (b) A malignant lesion is diagnosed as benign
- (c) Non identification of LSIL or HSIL in cervical smears
- (d) Inflammatory condition diagnosed as a tumour

6.3 Minor deviation is considered when there is a deviation but that which does not drastically affect patient management, e.g. :-

- (a) If atypical cells were reported in a benign lesion in cervical smears
- (b) If atypical cells were reported in a malignant lesion in cervical smears
- (c) Deviation in typing malignancy

6.4 Up to a maximum of three deviations with no more than one major deviation are considered as acceptable standard for a cytopathology laboratory.

6.5 For laboratories having more than three deviations with more than one major deviation, a recommendation is made to update their skill by training for four weeks in a IAC accredited laboratory with a high workload or by participating in a CME programme in cytopathology. The certificate of training or CME participation should be sent to the EQA Chairperson within a period of six months.

7.0 CERTIFICATE OF PARTICIPATION :

7.1 All participating laboratories shall receive a certificate of participation from the EQA Chairperson at the end of the relevant year.

7.2 The certificates issued shall contain the following details :-

- (a) Name of IAC, in full, along with IAC logo
- (b) Name of EQA programme in full
- (c) Name of participating laboratory
- (d) Year of participation for which the certificate is being issued
- (e) The following office bearers shall sign the certificates, their name and designation being detailed, from left to right in the order detailed below :-
 - (1) President IAC
 - (2) Secretary IAC
 - (3) Chairperson Accreditation and Examination Committee

Title : State/Regional Chapters of IAC			
Review No 1	Bye laws Ref no.	Page 1 of 4	Date of issue 19.11.16

1.0 INTRODUCTION :

1.1 The Indian Academy of Cytologists shall encourage formation of State/Regional Chapters (GBM 2009) with the aim of :

- (a) Propagating the knowledge of cytopathology
- (b) Increasing and consolidating its presence in various parts of the country
- (c) Increasing its membership

1.2 The formation and functioning of State/Regional Chapters shall be governed by rules and regulations as detailed below:-

- (a) A given state can have only one chapter.
- (b) A regional chapter shall comprise of a group of neighbouring states.
- (c) The chapter shall bear the name of "Indian Academy of Cytologists" followed by the name of the respective chapter e.g. 'Indian Academy of Cytologists – Delhi Chapter'. The name of the chapter shall be in full and shall not carry any abbreviation.
- (d) A chapter can not be started in the name of an individual city.
- (e) A state that is already running a chapter can not become a part of a regional chapter.
- (f) A state that is a part of a regional chapter can not form a separate chapter. In the event that a state which is part of a regional chapter decides to start its own chapter, then it shall have to break away from the regional chapter and give an undertaking to the Secretary IAC regarding the same, in writing. This break in alliance will also have to be accepted by the regional chapter who shall also communicate the same, in writing, to the Secretary IAC. The regional chapter will also have to apply for fresh recognition with remaining member states.
- (g) The IAC shall have no financial commitment to the State/Regional Chapter.

2.0 DUTIES OF IAC TOWARDS THE STATE/REGIONAL CHAPTER :

- 2.1** The IAC shall officially recognize the State/Regional Chapter by way of announcement in the IAC newsletter and during the GBM in the annual national conference.
- 2.2** The IAC shall provide assistance and advice regarding faculty to enable the State/Regional chapter to conduct their academic activities in a meaningful manner.
- 2.3** The academic activities of the State/Regional Chapter shall be published in the IAC newsletter.
- 2.4** The Chairperson or one Executive Committee member of the chapter, duly nominated in writing by the Chairperson of the said Chapter, shall be invited every year by Secretary IAC to attend the Executive Committee meeting of IAC during the annual national conference. They shall, however, have no voting right.
- 2.5** The IAC shall permit the State/Regional chapter to print the logo of IAC on their State/Regional conference brochure.

3.0 DUTIES OF THE STATE/REGIONAL CHAPTER TOWARDS IAC :

- 3.1** The Executive Committee members of the chapter shall necessarily be life members of IAC.
- 3.2** The Executive Committee members of the chapter shall encourage their members to become life members of IAC.
- 3.3** The chapter shall indulge itself only in propagating activities relating to the field of cytology

INDIAN ACADEMY OF CYTOLOGISTS - SOP

and thereby try and fulfill the objectives of IAC.

- 3.4 The Executive Committee of the chapter shall send a copy of their bye-laws, if any, to the Secretary IAC and also keep the Secretary IAC updated on any change that may be made in it from time to time.
- 3.5 The Executive Committee of the chapter shall send report of its activities to the Secretary IAC at least once a year, preferably by end of June, so that the same may be published in the forthcoming IAC newsletter and also so that the Secretary IAC may incorporate the same in his/her annual report. It may be clarified here that the activities of the chapter are to be reported only to the Secretary IAC who in turn shall forward the same to the Editor IAC newsletter for publication. The details of chapter activities are not to be directly communicated to the Editor IAC newsletter.
- 3.6 It shall be mandatory for the State/Regional chapter to print the logo of IAC on their State/Regional conference brochure.
- 3.7 The State/Regional Chapter shall not conduct any of their activity either one month before or after the annual national conference of IAC.
- 3.8 The Executive Committee members of the chapter shall make sincere attempt to make monetary contribution to IAC from savings generated ethically through conduct of CME, workshop, local/regional conference etc.
- 3.9 The chapter shall not indulge in any activity that is against the interest of IAC.
- 3.10 The State Chapters shall not conduct any EQA programme nor publish any journal of their own GBM 2021).

4.0 PROCEDURE FOR APPLICATION :

- 4.1 The application form for seeking recognition as State/Regional Chapters can be downloaded from the IAC website <https://cytoindia.wordpress.com>.
- 2.5 The duly completed application form shall be sent to the Secretary IAC in hard copy.
- 2.6 On receipt of the application the Secretary IAC shall circulate the same to the Executive Committee members of IAC.
- 2.7 The matter shall be discussed in the Executive Committee meeting held during the coming annual national conference.
- 2.8 On approval of the Executive Committee of IAC and after ratification by the General Body , the Secretary IAC shall send a written communication to the applicant chapter confirming grant of recognition to the said State/Regional Chapter.
- 2.9 In case the application is found not to meet the requirement, then the same shall be communicated to the applicant chapter by the Secretary IAC.
- 2.10 If after grant of recognition, a State/Regional Chapter does not become operative within three years from the date of grant of recognition, then a fresh application seeking recognition shall be required to be submitted by the said State/Regional Chapter.
